Bachelor of Science Degree in
Anthropology, 1994

**University of North
Carolina at Wilmington**

Master of Science Degree in
Marine Biology, 1998
(Concentration in Wetland
Ecology)

Industry Tenure
22 years

Mr. Preziosi received his Master of Science Degree in Marine Science (Concentration in Wetland Ecology) from the University of North Carolina at Wilmington in 1998. He completed graduate level training in wetland ecology, hydrogeology, and plant identification and taxonomy. Christian continued to work for the University performing water quality studies and identifying potential sources of impairments in various watersheds throughout the Wilmington (NC) area. He joined Vanasse Hangen Brustlin, Inc. (VHB) in 1999 where he assisted in the development of the Virginia Department of Transportation Compensatory Mitigation Manual. Mr. Preziosi returned to Wilmington as project manager for Land Management Group. His duties for LMG have included environmental due-diligence investigations, groundwater hydrologic assessments and modeling; Section 404/401 permitting for site development, CAMA permitting for coastal development projects, and wetland/stream mitigation plan development. Recent clients include the Village of Bald Head Island, New Hanover County, Weyerhaeuser, Stream and Wetlands Foundation, and Cypress Creek Renewables. He currently serves as Area Manager and Principal Consultant overseeing LMG's Wilmington, Raleigh, and Charleston (SC) offices.

Christian resides in Wilmington, NC with his wife and two sons. When not working, Christian enjoys spending time with his family, reading, and coaching his son's sports teams.
